Sir:

In response to the Office Action dated March 29, 2000, please amend the above
identified application as follows:

IN THE CLAIMS:

Please amend the claims as follows:

1. (Amended) A method for clearing product from a centrifuge basket of a discontinuously running centrifuge, said basket comprising a peripheral wall and a bottom wall, said bottom wall closing one end of the peripheral wall, said peripheral wall defining a basket sieve and the entire axial length of the centrifuge length of the centrifuge basket, wherein a scraper blade, having a cutting edge, is projecting into the centrifuge basket, said method comprising:

lowering the scraper blade from an initial position, in axial direction of the centrifuge basket, until a starting position is reached where the scraper blade nearly touches the bottom wall of the centrifuge basket;
